## CLASS ANNOUNCEMENT

### “Weekly Inspection and Testing of Fire Pumps”

Designed to train facility maintenance personnel, owner’s representatives and others in methods, procedures and requirements involved in conducting weekly inspection and testing of fire pumps. This is a one day class that meets the training requirements for an employee who is attempting to become certified and permitted to perform weekly fire pump tests.

A certificate of completion from this class will be required to accompany application to the State Fire Marshal requesting that an employee receive a permit to perform weekly fire pump tests.
